

Grading Policy of Daily Work

You will notice some work comes home with corrections. Some work comes home with no marking. I don't grade all of their work as we most likely did it whole group. There is a lot of sharing and practicing at this time so I do not grade everything. If something comes home not completed, please know that we did not do it. If you would like to do it at home as extra practice, please feel free to do so. If your child brings home work with "do" on the top. That does need to be completed and returned to me.
